

Help Other Patients Understand the Orthopedic Treatment Journey

Do you have a few minutes to answer four quick questions about your experience at the Rubin Institute for Advanced Orthopedics (RIO)? Sharing your perspective will help other patients and newly diagnosed people who may be nervous about the journey ahead of them. You can provide your answers here or visit www.surveymonkey.com/r/RIOPatientSurvey. Your answers can be as short (one sentence) or as long as you want them to be. Please note that we will just be sharing patients' and/or survey respondents' first names and the states or countries that they come from. Thank you!

If you can't fill out the survey online (see address above), responses can be mailed to: Hillary Strilko, Schoeneman Building, Room 107, Sinai Hospital of Baltimore, 2401 W. Belvedere Ave., Baltimore, MD 21215. Digital photographs can be emailed to: RIOPhotos@lifebridgehealth.org.

I agree to allow my responses below to appear on the RIO/LifeBridge Health/International Center for Limb Lengthening web sites, Facebook pages and on other LifeBridge Health promotional materials (including but not limited to newsletters, brochures, and advertisements).

Yes No

Your First Name: _____ Your Last Name: _____

Patient's First Name (if different than yours): _____
